

Lines and Portraits

Grades 3-6

Art eLearning

Week 3 & 4

Assigned April 6, 2020; due April 17, 2020

Week 3 Instructions

On the following slides are instructions for completing a Self Portrait, made from Lines only.

You may do this on any paper you have at home - scrap paper, printer paper, colored construction paper - but draw BIG and fill up the space!

You may use pencil, pen, marker, crayons, etc...

Even though eLearning is for Monday, Wednesday, and Friday - this assignment is for ALL 3rd-6th Art classes - even if you have Art on Tuesday or Thursday.

I will release it on Monday, and expect it to be completed by the next Friday - that will give you two weeks to watch the videos, practice, and then create the good.

Using SOME Lines

Using FEW Lines

Notes -

Maybe you need to do a few practices, before you get one you like - Go For It!

When you get one you like - write your name and grade on the back.

Put your Self Portrait in your folder, and bring back to your next Art Class.

This will be your 4th artwork to bring back -
